

COMPANY PROFILE

Khoisan Investment (Pty) LTD is 100% citizen owned company which specialises in groundwater and geotechnical contractual works. Khoisan Investment (PTY) LTD was established by Mr. Sydney Mooki who has more than 18 years (2002-2020) in the field of Hydrogeology (Ground Water monitoring and borehole management) Division **Khoisan Investment (PTY) LTD** is offering services of turnkey groundwater projects as well as geotechnical investigation. The company also has collaborative arrangements with Engineering Geologist, Remote Sensing Specialist, Soil Scientist and GIS Specialists. Despite the fact that Khoisan is a new establishment, our staff has extensive experience in the groundwater and geotechnical studies. In their separate capacities they have all carried out projects on groundwater exploration and development, geophysical survey and siting groundwater monitoring, geotechnical investigation projects and suppliers of earth moving parts (Komatsu, Mitsubishi, CAT, Yanmar, GET, Isuzu, Nissan and Cummins)

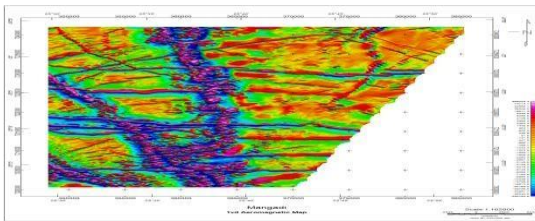

MISSION

Respond to the needs of our clients and provide value with integrity in a reliable and timely manner

SERVICES OFFERED

OUR SERVICES

- Test pumping
- Borehole equipping
- Geophysical Survey contracting
- Geotechnical site investigation
- Foundation investigations and settlement analysis
- Supplies groundwater equipment
- Geotechnical instrumentation sales, installations and monitoring

QUALITY SERVICES:

We are strictly adhered to international quality standards services to ensure total satisfaction of customers. Every service offered by us is gone for quality check-up, which is performed by a team of highly trained and experienced professionals. Our company is receiving warming response from our valuable customers for offering unbeatable quality services at highly affordable prices.

LIST OF KEY PROJECTS

Employer, Contact person and telephone Number	Description of Contract	Value of work (Pula)	Date completed
Lion Park Resort Centre Mobile: 71629505	Geophysical survey and borehole siting, at Lion Park area	P8.000.00	Nov 2015
Ms Prinah Setlogelo Mobile: 72106376	Geophysical survey and borehole siting, drilling, supervision, construction and Development of one production borehole at Ramaphatle area.	P150.000.00	August 2015
Mr Joseph Nkitseng Mobile:72238651	Geophysical survey and borehole siting, drilling, supervision, construction and Development of one production borehole at Mookane	P98.000.00	August 2015
Greef Ventures (Pty)ltd 72905834 Contact: C. Nthuba	Geotechnical investigation for propose workshop in Mmopane area.	P50, 000.00	March 2016
Pudulogong rehabilitation and Deveoloment 71697285 Contact: Mr Pheko	Geotechnical investigation for propose double storey house in Digawana area	P15,000.00	Nov 2016
Lenmed Bokamoso Hospital 71493585 Contact: Andy	Geophysical survey and borehole siting, drilling, supervision, construction and Development of two production borehole at Mmopane area.	P17,000.00	August 2016
NTT Nissan Francistown Contact: Mr Wikus Combrink 76278704	Geophysical survey and borehole siting, drilling, supervision, construction and Development of one borehole.	P49,000.00	October 2015
Grembo Security Contact: Mr Samuel Kealotswe	Geophysical survey and borehole siting, drilling, supervision, construction and Development of one borehole.	P49,000.00	Novmber 2015

KEY PERSONNEL

Sydney Mooki – Managing Director

With 17 years experience in Baseline Groundwater Monitoring, Hydrogeological Equipment, Installation and Maintenance, Hydrogeology for Artisans and Occupational Health and Safety.

Goboletswe Shima Mangadi - Hydrogeologist and Engineering Geologist

Mangadi has eleven 17 years experience as Geologist in field of hydrogeology and environmental geology. He has experience in groundwater investigation and development; water demand assessment, development of conceptual models, groundwater quantification, water quality assessment, geophysics, planning and supervision of drilling and test pumping. He is also experienced in geotechnical and environmental geology studies; trial pitting, sieve analysing, profiling, Environmental Impact Assessment and geological risk and hazard assessment. He also has experienced in project management, technical report writing, client liaison, proposal writing and tender documentation, analysis and interpretation of test pumping data and conversant with groundwater modelling including numerical flow and mass transport models.

EQUIPMENT AND FACILITIES**Geophysical Equipment**

- ◆ Gem GSM-19GW magnetometer
- ◆ Geotron G5 magnetometer
- ◆ 200VA D.C. Resistivity Meters
- ◆ Electrical Generators

Survey Equipment

- ◆ Garmin 12XL hand held GPS
- ◆ Water level indicators
- ◆ Water Quality Testing Kits (EC, TDS, pH, Thermometer)
- ◆ Fluoride testing kit
- ◆ Mirror Stereoscope

Geotechnical Survey equipment

- ◆ Percolation test equipment
- ◆ Hand operated Augers
- ◆ Dynamic Cone Penetration Test
- ◆ Sieve Set
- ◆ Field Permeability Test

Computer Hardware

- ◆ Scanner
- ◆ Colour Laser Printers
- ◆ Desktop Computers
- ◆ Laptops

Software

- ◆ GIS / Remote Sensing: ArcGIS 9.3, ArcView 3.2a, PC Arc Info, DAK (Data Automation Kit), ILWIS
- ◆ Geophysics: Resix-P, Temix-XL, Emix-XL, Magix-XL
- ◆ Downhole logging: Viewlog 1.0, Logsoft, Century Lo6
- ◆ Pumping test analysis: Aqtesolv, Stepmaster, Aquifer Test V3.5
- ◆ Mathematical/ Numerical Modelling: PMWIN , Visual Modflow
- ◆ Hydrogeological/ Plotchem, Rockware, Geotechnical Graphics, Aqua Chem, Aquifer Test

KHOISAN (PTY) LTD

VAT: C281102-01-01-9

Hydrochemistry utilities:

Transport And Communication:

- ◆ One wheel drive vehicle
- ◆ 1 Bakkie and 1 Saloon car
- ◆ 1 truck drill rig and compressor
- ◆ Complete camping equipment
